Comments Report

7. COURSE EVALUATION (PART V)

7.3) Please comment on what you feel are the positive and negative aspects of your instructor and his/her teaching outlook:

- Dr. Pena is an excellent instructor, and I have been able to apply almost every single concept from the classroom.

- Enjoyed Prof Pena's teaching style very much. His energy, side material and enthusiasm for the subject matter kept the lectures interesting.

  I think the take home tests were very appropriate for this type of course. The lower time pressure helped reinforce the material since I had time to explore solutions and try different approaches with the data and stat programs.

7.4) Comment on what you feel are the positive and negative aspects of this course:

- It was sometimes difficult to relay any of my ideas in the classroom because everyone would talk at once, so I feel like it seemed that I was not trying to participate, when in reality I was.

- This course could use a better text and more real life examples.
